

InVEST Scholarship Sponsorship

InVEST fuels the future of the independent agency system by developing a diverse pool of future insurance professionals. By instituting this program in high schools, educators provide students with knowledge that will positively affect their lives forever.

Please consider joining us and sponsoring a scholarship for students that have excelled in our program. Scholarships will be awarded at our InVEST Breakfast on 3/8/17.

Please contact Paula Keyes, Executive Director of the association, if you are interested in making a contribution. Her email address is executivedirectoriacf@gmail.com or call 407-898-0461.
